

Do these claim scenarios put a dent in your cash flow?

- IMEs and Record Review cutoffs
- Prolonged SIU investigations
- Attorneys who settle patient claims without ensuring your bill is paid

We can help!

Ambrose & Ambrose ACR, Inc. is a unique firm dedicated exclusively to processing unpaid motor vehicle accident claims on behalf of Massachusetts medical providers.

The Problem

Today more than ever, auto insurance companies scrutinize every claim for medical treatment related to motor vehicle accidents. Your cash flow is reduced by prolonged SIU investigations, IMEs and Peer/Medical Record Reviews. Your billing personnel get bogged down by the endless requests for rebuttals and notices of payment delay sent by auto insurers. The time they spend working on these claims detracts from their ability to process the less complicated claims, and your cash flow suffers.

The Win-Win Solution

Outsourcing your unpaid "headache" claims to Ambrose & Ambrose will allow your staff to stay focused on newer, less complicated patient accounts. We have been processing complex motor vehicle accident claims for Massachusetts medical providers since 1997!

We have created a highly specialized collection system that combines computerized letter generation and claim tracking. We will turn those headache claims into a beneficial stream of cash flow for your practice. There is no management burden to your office, no salary costs. We work strictly on a commission basis.

A classic win/win: We do not get paid unless you get paid!

We Deliver Results

Tom Ambrose

How We Do It

My brother Tom and I are licensed insurance professionals with an in-depth working knowledge of the Massachusetts auto insurance policy and associated coverages. We have personally settled tens of thousands of denied claims with Massachusetts auto insurance companies, and we command the respect of senior insurance adjusters and personal injury attorneys throughout Massachusetts. Unlike other billing or collection companies, we specialize in motor vehicle accident claims!

Jim Ambrose

We utilize state-of-the-art billing and collection software that enables us to handle a large volume of patient claims. With the click of a mouse, we can counter every insurance denial letter with a professionally written, claim specific demand letter.

Our Reputation

Tenacity, Integrity, Knowledge, Trust. Those are some of the words our clients use to describe us. We deliver results. That's what matters most. The professional respect we enjoy amongst senior adjusters and personal injury attorneys throughout Massachusetts ensures that the bills from our medical provider clientele are treated with exceptional priority.

First Day Billing Services

As auto insurers make the claim payment process more difficult, the demand for competent billing personnel grows. Salary and management costs for small medical practices in inner city neighborhoods have skyrocketed in recent years. Outsourcing your billing to our office is a smart solution.

The keen attention to detail, professional knowledge and tenacity that has made us successful in the collection field has made us equally successful in providing first day billing services for our medical provider clientele. We provide manual and electronic billing submittal to auto and worker's compensation insurance carriers, as well as HMOs and Medicare. Our rates are among the lowest in the industry, and our percentage of recovery is the highest.

Litigation for IME and Record Review Cutoffs

We utilize an established network of litigating attorneys to pursue the unpaid balance in the appropriate court. This legal option gives us crucial leverage when negotiating with uncooperative adjusters on IME and Record Review cutoffs. We will handle the entire process from start to finish. When you place your claims with us, you can rest assured that we have all the tools necessary to obtain the maximum payment.
